TCC/32/2022	23/02/2022	Solicitor on behalf of member of the public	<p>I would like the following information in relation to the slipway at Garry Kennedy Harbour on Lough Derg.</p> <p>I am attaching herewith, 2 No. photographs and a sketch showing the area of interest located at the slipway. I would like to know whether the slipway is under the control of Tipperary County Council or Waterways Ireland or others and who is responsible for the management for same.</p> <p>Furthermore, I note that there has been a recent sign erected highlighting that no swimming should take place and that there is a risk of slips.</p> <p>Could you please advise when this sign was erected?</p> <p>Furthermore, could you please advise if this sign was erected due to the reporting of slips or falls in the area, or as a result of a risk assessment, if so could I have copy of that document.</p>	22/03/2022	Withdrawn and/or dealt outside of FOI
TCC/35/2022	28/02/2022	Member of public	<p>Peat harvesting or extraction operations for the following:</p> <ul style="list-style-type: none"> - All records (including correspondence with individuals/companies subject to enforcement action) related to Planning Enforcement/UD file: UD-12-013 	25/03/2022	Granted

TCC/38/2022	23/02/2022	Member of public	<p>To assist you in your search, I will use the Title "Punch Report 24-01-1997"</p> <p>This report was stamped and dated received by Tipperary County Council 13-02-1997, however the File Number is illegible on the date stamp, or perhaps a File Number had not been generated as of 13-02-1997.</p> <p>(1) Therefore I request that if a File Number was generated subsequent to the date 13-02-1997, that pertains to any further communication or development, which related to the issues raised in the "Punch Report 24-01-1997" that I am provided with this File Number</p> <p>(2) The "Punch Report 24-01-1997" make specific reference to "existing sewer " outlined or indicated by a green line on the accompanying plan/drawing.</p> <p>Reference Date 17-01-1997</p> <p>Therefore I request any information or supporting communication from either Tipperary County Council to Michael Punch and Partners, the owners of the site or any of their agents, that may have sought further clarification or documentation to support this "existing sewer" location, date of construction etc.</p> <p>Also I would request that, any documentation held by Tipperary County Council, with respect to either planning permissions or planning retentions sought with respect to this "existing sewer that these be provided to me.</p> <p>(3) The "Punch Report 24-01-1997" was completed on foot of a section 23 order (pollution control), imposed on the site and its owners by Tipperary County Council in 1996. Therefore I request a copy of that order and any further documentation or communication, notes etc. that resulted in this order being imposed and or lifted.</p> <p>(4) The "Punch Report 24-01-1997" make recommendations as to remedial works which will eliminate the cause of further water pollution related to the site.</p> <p>A calculation of 6DWF=0.5l/s of additional sewage load is submitted to Tipperary County Council, as being necessary to be treated or accommodated within the Local Authority Sewer. I request any information relating to this calculation between Tipperary County Council and Michael Punch and Partners.</p> <p>(5) The "Punch Report 24-01-1997" also states that in Area A identified on the accompanying drawing that further ongoing development will likely increase the overloaded septic tank in that area. Therefore I request any documentation that related to this area and any planning permission sought for this area in the 1995/1996/1997 period and any communications that specifically relate to pollution or sewage infrastructure during those years.</p> <p>(6) The "Punch Report 24-01-1997" outlines a proposed new sewer line, outlined in blue on the accompanying drawing/plan. And states that this proposed sewers construction is dependent on two conditions (A) Planning permission is obtainable from Tipperary County Council (NR). Therefore I request any documentation that relate to any planning requests that this proposed sewer line and its construction caused to be created. This request will include initial consultations or notes of same, between the site owners their agents and or architects and Tipperary County Council.</p> <p>(B) As the "Punch Report 24-01-1997" identifies concerns relating to increased load and the Local Authority's sewers ability to deal with this increased load. I therefore request any documentation or notes of discussions communications etc. which relate this questioned sewer capacity.</p> <p>If any measure or suggested measures at pre/planning stages were taken to decrease the sewer load based on this questioned capacity, I would therefore also request any documentation or notes of discussion that relate to these mitigation measures.</p> <p>As the outlined (Blue Line) sewer is a proposed development, I therefore request the natural successor to this proposed line.</p> <p>That is the exact configuration in map form of the sewer line that planning permission was granted for, and indeed any documentation that relates any certification of it by Tipperary County Council</p>	25/03/2022	Granted
TCC/37/2022	28/02/2022	Member of public	<p>Please forward all details under freedom of information act all details from last foi information forwarded to me to date including all internal emails, all verbal, oral records and any type of written records relating to me or the Japanese knot weed.</p> <p>Also missing Paul Keanes response to Marcus O'Connor query on 23.12.20 about why I was still unhappy. Please provide this now under foi act.</p> <p>23.12.20 Email sent from Marcus O'Connor to Paul Boland. Under foi act I dont have Pauls response. Please provide me with it.</p>	28/03/2022	Part Granted
