#### **Note from the Chief Executive**

The Local Government Reform Act, 2014, established the requirement for each local authority to prepare an Annual Service Delivery Plan identifying the services that it proposes to deliver to the public in the year ahead. The purpose of this Plan is to provide a corporate document that highlights the services that will be provided by Tipperary County Council across all directorates in 2022 and has been prepared based on the provisions of the adopted budget of Tipperary County Council for 2022.

With a geographical area of 4,282 sq. km and a population of 159,553 Tipperary is the sixth largest of the 32 counties by area and the eleventh largest by population. The region is part of the central plain of Ireland, but the diversified terrain contains several mountain ranges: the Knockmealdown, the Galtee, the Arra Hills and the Silvermine Mountains. The River Suir runs through the southern portion of the county, while tributaries of the Shannon run through the northern part of the county and into Lough Derg. No part of the county touches the coast. The centre is known as 'the Golden Vale', a rich pastoral stretch of land in the Suir basin which extends into counties Limerick and Cork.

The county is traversed by key national arterial routes such as M7, M8, N24, as well as train lines from Dublin to Cork and Limerick, and Waterford to Limerick.

Of the total population of 159,553, (Census 2016), 41.5% (66,244 persons) lived in urban areas, with 58.5% (93,309 persons) living in rural areas. In the 2016 census over 14,000 Tipperary residents identified themselves as a nationality other than Irish making the county representative of both rural Ireland and a modern multi-cultural society.

Tipperary County Council is responsible for providing a wide range of services and supports to this diverse range of customers, which includes over 159,500 residents in 69,106 households, approx. 14,000 businesses with over 63,400 employees, along with those who visit our county whether for recreation or work.

Tipperary County Council's Corporate Plan 2020-2024 describes the kind of Tipperary we want to see in the future and what we will do as the County Council together with all stakeholders, to deliver the vision for the County:

"Tipperary - A vibrant place where people can live, visit and work in a competitive and resilient economy, a sustainable environment and an inclusive and active community"

It contains four Strategic Themes for which strategies have been developed which will deliver our vision and ensure the improvement of Council services and infrastructure over the period of the Plan 2020 - 2024. The Four Strategic Themes are:

- Our Economy;
- Our Community;
- Our Environment; and,
- Our People

For each Strategy, a number of supporting Objectives were identified, for which actions and activities are now set out by each Directorate in this Annual Service Delivery Plan for 2022 (ASDP), including the Schedules of Municipal District Works (SMDWs).

The current service delivery model sees Nenagh and Clonmel as the two main council centres reflecting the strong economic and social focus of both towns at either end of the county. Council

functions are divided across the two centres so that some are managed from one, with others from the second centre. Both centres have the capacity to deliver frontline services for all council functions.

Municipal Districts, through offices in Clonmel, Carrick-on-Suir, Nenagh, Thurles and Tipperary, also provide a large range of infrastructural services for their communities, and play an active role in the development of the Municipal District's industry, business, social, arts, heritage and cultural affairs.

Notwithstanding the above, the service delivery plan for 2022 must operate within the context of the long term impact of the pandemic, the need to continue to provide financial support for leisure centres and arts centres, increased energy and material costs and meetings targets set under local and national Climate Action Policies.

Tipperary County Council plays a lead role at local level in the implementation of Government policy on economic development, housing provision, climate action, wellbeing and supporting those who are most vulnerable in our community. As well as being one of the major employers in the county, Tipperary County Council contributes significantly to the local economy with a combined capital and revenue spend of circa €200m annually. In order to maintain this level of spend and to avoid adverse impact on services, it is critically important that Tipperary County Council is given support from Central Government to enable it to be a major player in the recovery process.

The national and local recovery process will continue to require investment and commitment across all sectors of our society and economy. Tipperary County Council, as a local authority with responsibility for the delivery of a broad range of economic policies and local services, will play our part in this recovery process.

#### **Service Delivery Plan 2022**

#### Introduction

This Service Delivery Plan is prepared in accordance with Section 134(A) of the Local Government Act 2001 (as inserted by section 50 of the Local Government Reform Act 2014). According to DECLG guidelines issued in November 2014:

"The annual service delivery plan will, inter alia, identify the services to be provided and the standards to which they are to be delivered, monitored and evaluated so as to ensure that objectives for the optimum delivery of services is achieved. It will provide a new methodology whereby local authorities can gauge and be gauged on their own year-on-year performance."

Tipperary County Council's Service Delivery Plan for 2022 identifies the services that the Council intends to provide to the public in the year ahead. It takes account of, and is consistent with, Budget 2022, which was adopted by the members on 26<sup>th</sup> November 2021. The Budget sets out the expenditure that the Council estimates will be necessary to carry out its functions throughout the year.

In preparing this document, the Council takes account of all plans, statements and strategies that set out policies and objectives for all of its functional programmes, and in particular the following:

- > Tipperary County Council Corporate Plan
- > Service Level Agreement with Irish Water
- Tipperary North/South County Development Plans
- Local Economic and Community Plan (LECP)
- > In addition, a wide range of other local, regional and national plans statements and strategies inform and guide the Council's work, and the provisions of these plans have been considered in preparing this Service Delivery Plan.

#### **Principal Services**

In Budget 2022, Tipperary County Council allocated funding to the Service Divisions outlined below, to deliver services to the public during 2022:

<b>Service Division</b>	Funding Approved €
Housing and Building	35,690,209
Road Transport and Safety	63,153,614
Water Services	15,244,178
Development Management	15,850,550
Environmental Services	31,977,857
Recreation & Amenity	14,249,629

Total Budget	194,230,053
Miscellaneous Services	16,129,983
Agriculture, Education, Health & Welfare	1,934,033

The Draft Plan sets out

- the objectives and priorities for the delivery of each of the above services
- the strategies for achieving those objectives and priorities
- the performance standards intended to be met in the delivery of services,

#### **Municipal Districts**

Under the Local Government Reform Act, 2014 five Municipal Districts were established by law in June 2014 in County Tipperary. Municipal Districts have responsibility for the delivery of a range of services in their local area with a focus on making towns and districts attractive places to live, work and invest.

Each Municipal District prepares a schedule of Municipal District Works for adoption, which sets priorities for works, services or activities to local facilities and amenities within their functional division having regard to centrally allocated budgets. Services carried out by each Municipal District generally include the maintenance, improvement and restoration of regional and local roads and footpaths, low cost safety improvement schemes, Street sweeping, public lighting, public conveniences, school warden services, open spaces, parks and play parks. Municipal Districts are also responsible for the making of Traffic and Parking bye laws and the operation of casual traders.

Municipal Districts provide support on the ground which is critical to the success of many initiatives which drive local communities and economic development. These range from local festivals and events to village renewal schemes; Municipal District's provide assistance in relation to the maintenance and improvement of Council buildings, development of car-parking in town centres, development of recreational facilities and walking and cycling routes.

- ➤ The Borough District of Clonmel consisting of the Local Electoral Area of Clonmel Population of 24,306, from Comeragh Mountains in the south to Kilsheelan village on the east;
- The Municipal District of Tipperary-Cahir-Cashel consisting of the Local Electoral Area of Cahir and the Local Electoral Area of Cashel — Tipperary - Population of 42,354, from Knockmealdown Mountains in the south to Hollyford village in the north;
- > The Municipal District of Carrick-on-Suir consisting of the Local Electoral Area of Carrick-on-Suir Population 20,216, from Carrick-on-Suir in the south to Gortnahoe in the north;
- ➤ The Municipal District of Nenagh consisting of the Local Electoral Area of Nenagh and the Local Electoral Area of Newport Population of 37,756, from Newport in the south up to Rathcabbin village in the North;
- ➤ The Municipal District of Thurles consisting of the Local Electoral Area of Thurles and the Local Electoral Area of Roscrea Templemore Population of 36,029, from Horse and Jockey in the south to Roscrea in the north.

#### **Support Services**

All service departments across the Council are supported internally to deliver on work programmes. The relevant support services are provided by the departments of Corporate Services, Human Resources, Finance and Information Systems. A summary of the objectives and priorities, strategies and performance standards for the support services are also included in this plan.

Some key principles underpin the delivery of quality services to the public. These include customer care, good organisational communications, accessibility, performance management, financial control and data management. Initiatives in these areas are led by the support sections and implemented organisation-wide with the support and cooperation of all sections. All sections also share the common goals of promoting the county.

#### **Performance Assessment**

In assessing performance in the delivery of services, the management teams in all sections hold regular meetings, during which recent performance is analysed using relevant data, previous decisions and commitments. Forthcoming performance objectives are set, and effectiveness of overall performance is assessed. This ensures that the organisation implements strong leadership, and assigns accountability and responsibility at all grades.

In addition, the audit committee and internal audit process provides independent oversight and monitoring of the council's governance and control systems.

#### **NOAC**

The establishment of the National Oversight and Audit Commission (NOAC) set up under the Local Government Reform Act 2014 provides further scrutiny of the performance of local government bodies against a range of indicators that the Commission has considered appropriate. The objective of the annual exercise is to provide key information on performance in respect of a representative selection of local authority activities that can facilitate a comparison of the outcomes and outputs across local authority activities and from year to year in the case of recurring indicators.

Targets have been established in this Service Delivery Plan related to the indicators against which year on year indicator performance against targets and comparable local authorities can be reviewed. The cost indicators will be analysed annually to identify the factors underlying significant variations in performance by comparable authorities to ensure value for money is being achieved and to facilitate the sharing of approaches to efficiency measures.

The target and indicator outcomes will be presented annually to the Council's Senior Management Team, the Elected Members and the Audit Committee.

# **Service 1:** Housing & Building

# **Service Introduction**

The Councils Housing section is tasked with ensuring that all persons in the County have affordable accommodation suitable to their social and personal needs.

The Council, in seeking to achieve this objective, and in line with the policies set down by the Department of Housing, Local Government and Heritage, continues to provide a wide range of housing services throughout the County.

The principal housing functions are as follows:

- To promote and utilise all of the options provided for in the Housing For All strategy 2022 - 2026.
- To prepare and implement a programme for advance land acquisition in accordance with National Housing Policy.
- To ensure that our housing policy encourages and supports Rural Sustainability.
- To implement the 5 year Traveller Accommodation Plan 2019 2023.
- To implement National Housing Strategy for People with a Disability and to draw up and implement a county Housing Disability Plan 2021 - 2025
- To improve housing for people with disabilities and the elderly in accordance with funding allocated
- To implement the provisions of the Homeless Strategies and Action Plans 2019 2022.
- To continue with the "Housing First" model of housing & to support the accommodation of those with enduring mental health issues through relevant supported programmes.
- To continue to assist our more vulnerable tenants with Tenancy Sustainment Support services and Own Front Door Service
- To promote, assist and develop the Voluntary Housing Sector in the County.
- To prioritise safety and security within our local authority housing estates by promoting resident participation in the management of social housing schemes.
- To ensure compliance with Private Sector Residential Accommodation Legislation/Regulations.
- To continuously upgrade our housing Stock subject to the availability of funding both nationally and locally.
- To facilitate and enable appropriate house purchases for those who qualify.
- Maintenance of approximately 5,400 houses throughout the County which is managed by the Districts.

#### **Financial resources**

The budget for Housing services as adopted in December 2021 (for 2022) is as follows:

Service Area  Maintenance & Improvement of LA Housing Units Housing Assessment, Allocation and Transfer Housing Rent and Tenant Purchase Administration Housing Community Development Support Administration of Homeless Service	Budget 2022 €10,945,488 €1,112,516 €1,419,891 €1,041,323 €1,101,049	Comment  Managed by the District Council staff

# **Key priorities for 2022**

Within the above responsibilities, the priorities for the current year include the implementation of the Housing For All in line with targets allocated under the Housing Construction, Planned Maintenance, & Housing Acquisitions. Additional priorities include the launch of Choice based Letting; continuing to ensure that our voids do not exceed 3% of the housing stock; the continued roll out of the Energy Efficiency Programme Phase 2, the introduction of an Affordable Housing Scheme if the criteria permits; actively managing our housing estates in partnership with the residents, and the provision of accommodation for the Travelling Community.

#### **Personnel resources**

The Housing section is managed by a Director of Services who also has oversight of the Clonmel Borough District. The section currently has the following staff complement:

#### **Staff Structure**

#### **Assumptions and Key performance indicators (KPIs)**

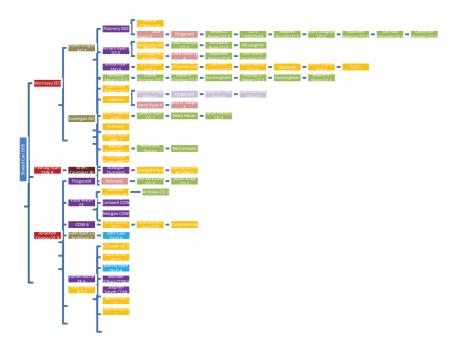

The level of service delivery is dependent on the availability of funds as per the adopted budget and the retention of the current staff resources throughout the year.

The Housing KPIs submitted to the National Oversight and Audit Committee (NOAC) for 2020 are illustrated below (2021 not released at time of publication). The Housing section will seek to maintain, and where possible improve on, the 2020 performance level in 2022 although it is unlikely that the effectiveness of changes brought to the waiting time and the void time will be visible until the end of 2022.

# **Service 2:** Roads and Transportation

# **Service Introduction**

The Roads and Transportation Directorate has responsibility for the maintenance and management of the road network in County Tipperary within overall resource allocations.

Responsibility for the management of Motorways and National routes rests with Transport Infrastructure Ireland. Funding for Regional and Local Roads is combined of grant allocations received from the Department of Transport and the Council's own resources.

The Rural Active Travel Investment Programme introduced by the National Transport Authority will continue in 2022, to develop high quality walking and cycling facilities, to encourage more people to switch to active travel and contribute to tackling climate change.

Given the increased financial and policy commitment to Active Travel and Greenways contained in the Programme for Government, TII has been given specific enhanced roles regarding Greenways and in leading the development of a strategic National Cycle Network. TII will administer annual funding to advance the Greenway programme, review/approve proposed Greenway projects pursuant to the Public Spending Code and apply and extend its existing project management, appraisal and delivery processes and procedures to provide for efficient Greenway delivery.

Electric Vehicle Charge Points	•	Install two (2) EVCP's in public car parks in Nenagh and Thurles.
Greenways	•	An allocation of €640,000 has been secured in respect of Greenway developments in 2022. In conjunction with Transport Infrastructure Ireland and other stakeholders, progress the development of feasibility studies for the schemes that have secured funding allocations.
Machinery Yards	•	Part 8 Planning for the upgrade of the Machinery yard and Civic amenity site at Limerick Road, Nenagh is complete; proceed to preparation of tender documents and to tender stage
	•	Annual procurement of bitumen, grit and road making materials for Municipal and Borough Districts
	•	Co-ordinate the annual road works programme for the county
	•	Maintenance and operation of vehicle fleet to RSA requirements
	•	Trial the use of HVO in 10 sample vehicles to enable carbon reduction in the fleet
	•	Co-ordination and operation of the winter maintenance programme for the county
	•	Section 86 agreements for winter maintenance have been entered into with Waterford, Offaly and Kilkenny County Councils to treat roads during the winter months in each other's areas to increase efficiency of the treatment routes.
	•	Install brine saturator and storage to enable pre-wet salting of roads.
Public lighting	•	Tipperary County Council has responsibility for the management and maintenance of more than

- 17,200 public lights. Public lighting maintenance is carried out under contract. This contract was advertised in 2021 and Airtricity Utility Solutions were appointed as the public lighting maintenance contractor.
- Public Lighting is the single biggest user of energy in the overall Council's energy usage.
   Over the past number of years, the Council has introduced LED lighting in a number of new and replacement public lighting projects. 1,449 LED upgrades were completed in 2021 and it is intended to continue this upgrade programme in 2022 with 500 LED upgrades to be completed.
- Tipperary County Council is participating in an EU Interreg North West Europe Project to develop Smart Sustainable Public Spaces across the North West Europe region with the project being called 'Smart-Space'. The Council, along with three European municipalities received funding to install a smart lighting system where the four partners will commit to a research project involving the installation and monitoring of this lighting system. Advances in intelligent lighting systems offer the opportunity to significantly increase energy efficiency, thereby reducing the carbon footprint. The primary location for the 'Smart-Space' project in Tipperary was Thurles and in particular Liberty Square, while the villages of Clonoulty and Drangan were included to trial this technology in a rural context. The project in Tipperary was advertised on e-tenders in 2020 with SSE Airtricity being awarded the tender. Replacement of lights commenced in 2021 and currently 570 lights have been installed. The project is due to be completed at the end of March 2022.
- Tipperary County Council in conjunction with the RMO, TII, and 23 other Local Authorities has signed up to participate in a large-scale Street lighting upgrade to LED. The primary aim of the project is to enable Local Authorities to reach their statutory energy efficiency target to be

		50% more energy efficient by 2030.  Approximately 280,000 lights are to be retrofitted in this project - 11,000 of these will be in Tipperary. The Council has approved the funding of this project and the project has been approved for grant funding from the Government's Climate Action Fund. The contract for this project was advertised in 2021 and the award process is currently underway.
Taking in Charge process:	•	A total of 10 estates were taken in charge in 2021 and it is proposed to take a similar number of estates in charge in 2022 subject to funding and any necessary requirements being met.
	•	The Council will progress the Declaration of Public Roads under section 11 of Roads Act, 1993 where necessary.
Community Involvement Scheme	•	An allocation of €983,400 has been received in respect of CIS schemes for 2022. The Community Involvement Scheme is a joint venture approach between the Council and local communities, for the purpose of carrying out maintenance and improvement works on suitable public local roads. Applications will be prioritised by Districts and offers issued within the above allocation.
Local Improvement Scheme	•	An allocation of €715,371 was received in respect of LIS schemes for 2021, with a similar allocation expected in mid-2022. Applications for the 2022 scheme have been received and are being assessed by District Offices. The Local Improvement Scheme is a joint venture approach between the Council and local applicants to carry out improvement works on private and non-publicly maintained roads.

#### **Procurement**

The Roads Procurement Co-ordinator role was created to oversee and increase compliance with Adopted Procurement Procedures and Regulations. The Co-ordinators work with Roads and District Staff to carry out Procurement in accordance with EU and National regulations in a consistent and transparent manner throughout the whole county. The Procurement Co-ordinators have considerably increased compliance with Procurement Regulations and Procedures over the last two years and continue to streamline the Procurement process on an ongoing basis.

Planned procurement is carried out for all high spend items such as Bitumen, Macadam, Plant Hire and Civil works on an annual basis during the first quarter of the year. Procurement of Civil Works and Plant Hire continues throughout the year as required. Items required by two or more Districts are tendered for centrally by the Procurement Section.

This ensures that a standardised and consistent approach to procurement is taken across all five Districts. Guidance and oversight of procurement by individual districts is also provided by the Procurement Section.

Standardised model documents have been developed for use by all Directorates for both Plant Hire and Civil works. The Roads Procurement Co-ordinators carry out Pre-Tender Compliance checks for all tenders for Plant Hire or Civil Works throughout the organisation and manage OGP frameworks for Plant Hire and Civil Works at a cross-Directorate level.

A considerable investment in Training and Development of the Procurement Co-ordinator role has been made which is a great benefit to the organisation as a whole, with consequent increase in the level of expertise in the Procurement area.

# **Human Resources/Organisational Structure**

The Roads Section is managed by a Director of Services who also has responsibility for Nenagh Municipal District. The current staff structure is as follows:

- Head Offices Management, Engineering and Administrative staff including Roads Capital/Design Office
- ► Five Municipal/Borough District Offices Engineering, Technical and Administrative staff in each office
- ▶ Machinery Yard Engineering, Administrative staff, Technical Services Supervisor, Drivers, Fitters, Storeman
- ▶ Outdoor Staff over 300 staff including General Services Supervisors, Gangers/Road workers – permanent and temporary.

# **Performance Indicators**

Service delivery is dependent on the availability of both financial and human resources. The two indicators for roads:

R1 Ratings in Pavement Surface Condition Index (PSCI), and

R2 Regional Road Grant Works are provided centrally by the Roads Management Office (RMO) for each county.

**Targets to be achieved for 2022:** To improve our standing with regard to other Local Authorities road ratings, based on the levels of funding available from the Department of Transport and own funding. 2021 provisional data is not yet available from the RMO.

# **Strategic Policy Committee**

The Infrastructure SPC was established following the Local Elections 2019, and includes Roads, Transportation and Water Services. Four meetings of the SPC will be held in 2022 to discuss policy proposals and briefings in areas such as:

- Road Safety Strategy 2022 2024
- Driver Feedback signs
- Pull in bays on certain roads
- Roads Capital projects
- National, Regional and Local road grant allocations
- Active Travel allocations
- Greenway projects
- Irish Water Transformation.

#### **Road Safety**

For 2022, the main focus under road safety for Tipperary County Council is to ensure that the objectives, as set out in the recently published Government Strategy on Road Safety 2021-2030, are achieved at local level. This will involve the development of a new Tipperary Road Safety Strategy 2022-2030 with initial emphasis on the Phase 1 2022-2024 period. It will require co-operation with An Garda Síochána, the Road Safety Authority (RSA), Department of Transport, Transport Infrastructure Ireland (TII), Tipperary Fire & Rescue Service and the Health Service Executive.

Tipperary County Council will continue with the following initiatives:

- Implementing low cost safety schemes
- Promoting national campaigns discouraging speeding, driving while intoxicated, driver fatigue, etc.
- Engaging in local campaigns promoting good road use behaviour
- Working with the Gardaí and RSA to promote National SLOWDOWN initiatives

- Engaging with young people in Primary and Post Primary schools across the county, as circumstances permit
- Assisting with the provision of cycling training in primary schools in the county
- Engaging with older and vulnerable road users across the county.

#### Research on fatal collisions nationwide in 2021:

\*Last year (2021) saw a decrease in road deaths in Ireland. There was a total of 121 fatal collisions, down 14 on 2020. A total of 134 people lost their lives on our roads in 2021 compared to 146 in 2020, which represents an 8% decrease. Driver and passenger fatalities represent almost two thirds of fatalities (65%) in 2021, compared to 59% in 2020. There was a 15% increase in driver deaths, up from 61 in 2020 to 70 in 2021. However, there was a 32% decrease in passenger deaths down from 25 in 2020 to 17 in 2021.

Deaths in Tipperary in 2020 reduced from 13 in 2019 to 7 in 2020, but increased again in 2021 to 11. Tipperary had the fourth highest number of deaths in 2021 behind only Dublin (20), Meath (14) and Galway (12). Leitrim, Offaly and Carlow had no deaths, while Waterford, Wicklow and Sligo had one fatality each.

It was a requirement under the Government Road Safety Strategy 2013-2020 that each local authority establish a Road Safety Working Together Group (RSWTG). This group is made up of representatives of Tipperary County Council, Transport Infrastructure Ireland (TII), the Road Safety Authority (RSA), An Garda Síochána (AGS) and Tipperary Fire and Rescue Service. The RSWTG will meet four times in 2022 to review implementation of the Tipperary Road Safety Strategy 2018-2020 which remains in operation until the completion of the Council's next Road Safety Strategy. The group will commence work on developing the Tipperary Road Safety Strategy 2022-2030 in Q2 2022.

One county-wide Collision Prevention Team has been established for Tipperary. This team which is led by An Garda Síochána will meet quarterly with the Council's District Engineers during 2022 to discuss operational issues and, among other things, the Collision Prevention Programme (CPP).

#### e-Parking initiative

e-Parking has been rolled out to 9 towns throughout county Tipperary as an additional, more convenient way of paying for parking. Methods of payment for parking to members of the public include smartphone 'app', website or telephone call. The traditional Pay and Display machines are still in operation in all towns and are supported with a modern back office system that monitors functions and finance for the machines. A tender for the continued provision of e-Parking services will be issued in 2022. The Council will continue to promote e-Parking during the year with the aim of increasing user numbers year on year.

# **Community Employment Projects**

The Council, in partnership with the Department of Employment Affairs and Social Protection continues to promote and encourage the development of Community Employment projects. The Roads Directorate currently sponsors two Community Employment Schemes with approval for thirty participants. The schemes operate over various locations including the Town and Environs of Cahir, Cashel, Clonmel, Tipperary Town and the communities of Boherlahan, Clonoulty/Clogher, Holycross, Kilsheelan and Rosegreen.

The Community Employment projects involve a range of activities including:

Horticultural, landscaping and environmental improvement projects

- Maintenance works in parks, towns, and cemeteries
- General Operative/Driver/Traffic Management Duties/Road Crossing Wardens

Emphasis is placed on providing valuable employment experience and training for participants. All participants benefit from mandatory Health and Safety training which is a transferable skill, required in similar work places. After achieving mandatory training, participants then follow on with job related or skill specific courses. The Tipperary community benefits by having cleaner towns, improvement of amenities and the landscaping of areas. Participants gain in skills, confidence and self esteem that enable them to work as part of a team within their own community. Many of the participants on the projects have secured employment either during or directly after their involvement.

#### **Service 3: Water Services**

#### **Service Introduction**

The water services functions of local authorities transferred to Irish Water with effect from 01 January 2014 pursuant to the Water Services (No. 2) Act 2013. Tipperary County Council continues to operate and maintain water services in accordance with a Service Level Agreement (SLA) with Irish Water which commenced on 01 January 2014 and will run until 31 December 2025.

While responsibility for water services has passed to Irish Water since 01 January 2014, local authorities remain very involved in the sector, acting as agents of Irish Water in relation to the operation and maintenance of services. Irish Water sets the level of service, in light of its contract with the economic regulator (the Commission for Regulation of Utilities (CRU)), and drives efficiencies and accelerated investment. In conjunction with the Service Level Agreement, an Annual Service Plan is prepared in advance of each calendar year through a joint planning process between the Council and Irish Water.

However, on 23 February 2021 Deputy Darragh O'Brien, Minister for Housing, Local Government and Heritage, published a Policy Paper on Water Sector Transformation entitled *Water Sector Transformation Policy Paper – Towards a National, Publicly-Owned, Regulated Water Services Utility*. The Policy Paper:

- sets out the Government's vision for the future of water services;
- addresses the provision of water services as set out in the Programme for Government, entitled *Our Shared Future*, published on 15 June 2020;
- considers the water sector transformation process; and
- concludes by requiring the key stakeholders to engage to agree a framework to move towards an integrated public water services utility.

#### It further states:

"The Government therefore requires the key stakeholders to engage to agree a framework for a stable operating structure for the future delivery of Water Services, within six months, to conclude by July 2021. Implementation of the identified Framework on a phased basis will commence immediately thereafter, on a phased basis to be concluded in 2022."

Under the auspices of the Workplace Relations Commission, detailed discussions between the parties are ongoing.

The Service Level Agreement with Irish Water provides for:

- reimbursement in respect of expenditure incurred by Tipperary County Council in the performance of its functions pursuant to the Service Level Agreement;
- standards to be met by Tipperary County Council in the performance of its functions;
- resolution of disagreements in relation to the performance of the functions; and
- performance by Tipperary County Council of functions within the functional area of another local authority.

In conjunction with the Service Level Agreement, an Annual Service Plan must be prepared through a joint planning process between Irish Water and Tipperary County Council. The focus of the Annual Service Plan 2022 is:

- budget and headcount;
- objectives and targets for infrastructural performance;
- operations and maintenance and improvement initiatives;
- Investment Plan 2020-2024 and Capital Delivery Programme;

- service and activity performance; and
- other matters as they arise.

The key objectives of Water Services are as follows:

- manage the operation of the public water and wastewater services in the county, on behalf of Irish Water, in accordance with the Annual Service Plan 2022;
- assist Irish Water in the delivery of its Investment Plan 2020-2024;
- ensure compliance with all regulatory requirements in respect of potable water and discharges from municipal wastewater treatment plants; and
- maintain and improve health and safety standards within the work programme of Water Services.

#### **Personnel resources**

Water Services is managed by a Director of Services who also has responsibility for Planning. The section currently has the following staff complement:

- 21 professional staff (civil engineers and environmental scientists);
- 16 technical staff (civil engineering technicians and environmental technicians);
- 12 administrative staff; and
- 93 frontline delivery staff (general services supervisors, water and wastewater caretakers, craft workers and general operative staff).

#### **Financial resources**

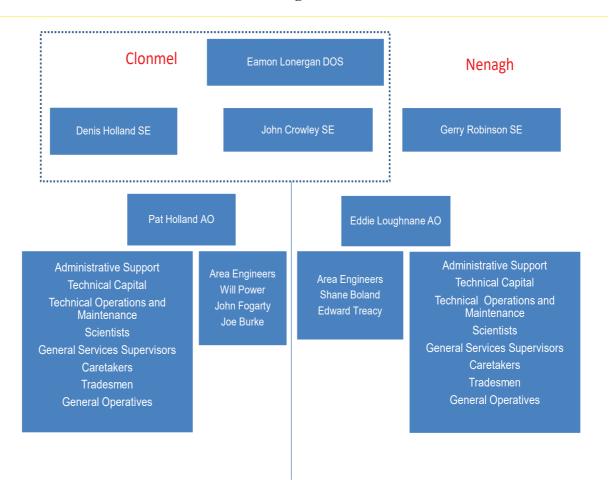

The 2022 budget for Water Services as adopted by the Council at its annual budget meeting on 26 November 2021 is as follows: Service Area	Budget 2022	Comment
Water Supply	€8,961,604	This figure will be recouped from Irish Water.
Wastewater Treatment	€3,070,130	This figure will be recouped from Irish Water.  This figure will be recouped from Irish Water.
Support to water capital programme	€1,404,798	This figure will be recouped from Irish Water.  This figure will be recouped from Irish Water.
Agency and recoupable services	€239,326	
Local Authority Water and Sanitary Services	€38,000	

# Assumptions and key performance indicators (KPIs):

The above level of service delivery is dependent on the availability of funds as per the adopted budget, support from Irish Water and the retention of the current staff resources throughout the year.

As Irish Water is now responsible for the delivery of public water services, the National Oversight and Audit Commission (NOAC) has not set any key performance indicators (KPIs) for Water Services in the performance of its functions as the agent of Irish Water.

#### Water Services – Staff Organisational Chart

# **Service 4: Development Management (Planning Section)**

# **Service Introduction**

Tipperary County Council's role as a Planning Authority is concerned with the physical planning and sustainable development of the County. This is achieved through the principal elements of the unit, which are Development Management; Enforcement and Forward Planning/Planning Policy.

The Planning & Development Section deals with a variety of services:

- Applications for planning permission including pre-planning meetings and receipt of submissions in respect of planning applications;
- Requests for a declaration under Section 5 on development/exempted development;
- Planning searches;
- Dealing with gueries concerning possible unauthorised developments;
- Applications in respect of 'taking in charge' of estates;
- Collection of development contributions;
- Drafting and consulting on policies and strategies relating to the future development of the County.
- Preparation of funding applications under Project Ireland 2040.

#### **Key priorities for 2022**

#### **Development Plans**

#### **County Development Plan 2022-2028**

This will be the first County Development Plan prepared for Tipperary and will provide a unique opportunity to create a new vision to shape the sustainable development of the county for the lifetime of the plan and beyond. The County Development Plan will align with the Southern Regional Spatial and Economic Strategy and will be underpinned by Strategic Environmental Assessment, Appropriate Assessment and Flood Risk Assessment.

The Draft Plan was considered at the July 16<sup>th</sup> 2021 meeting of the Council whereby the Elected Members agreed by resolution to put the Draft Plan on public display subject to amendments. The Draft Plan was on public display from 30<sup>th</sup> July 2021 to 15<sup>th</sup> October 2021. 615 submissions were received. A series of workshops were held in February

2022. At the plenary meeting of the Council held on 14<sup>th</sup> March 2022 the Elected Members resolved to amend the Draft Plan in accordance with the Chief Executive's Report on the submissions received and as further amended by the Members' amendments. The Material Amendments will be published for public consultation for a 4 week period from Friday 1<sup>st</sup> April 2022 to Tuesday 3<sup>rd</sup> May 2022 inclusive.

It is anticipated that the Tipperary County Development Plan 2022-2028 will be made at the July Plenary Meeting and come into effect 6 weeks later.

#### **Local Area Plans**

The settlement strategy, as set out in the Draft Tipperary County Development Plan 2022-2028, has identified 12 towns in Tipperary. Town Development Plans are currently in place for seven of these towns, with two towns subject to Local Area Plans. The current Town Development Plans and Local Area Plans will remain applicable until they are replaced with Local Area Plans, in accordance with the framework and timeline as set out below:

# **Preparation of Record of Protected Structures**

Tipperary County Council's Record of Protected Structure (RPS) includes over 2,500 structures across 9 County and Town Development Plans. A county-wide RPS is being compiled and survey and reporting of each structure has commenced and formed part of the preparation of the County Development Plan 2022-2028. Further surveys and reports will be prepared to incorporate the RPSs contained within the Town Development Plans into the County Development Plan. This work will continue in 2022.

# National Planning Framework - Project Ireland 2040: Our Plan

# **Urban and Rural Regeneration and Development Funds: Project Implementation**

The National Development Plan (NDP) 2018-2027 established four new funds to help drive the specific core priorities detailed in the National Planning Framework (NPF). These four funds included an Urban Regeneration and Development Fund administered by the Department of Housing, Local Government and Heritage and the Rural Regeneration and Development Fund administered by the Department of Rural and Community Development. The following projects are currently being delivered under these Funds.

# **Urban Regeneration and Development Fund**

Clonmel 2030 Transformational Regeneration seeks to develop a multi-dimensional, public/private/community partnership proposal for Clonmel, which will re-imagine how civic, cultural, educational, enterprise and tourism uses can work together to regenerate and create a new role for the town. The project includes four intrinsically linked and integrated pillars, namely: Kickham Barracks Regeneration, Clonmel Regional Sports Hub, Clonmel – Flights of Discovery and Clonmel Public Realm Enhancement. Funding was received for proposed Category A works in 2019 relating to Kickham Barracks Regeneration Phase 1 and Clonmel Regional Sports Hub.

**Kickham Barracks Regeneration Phase 1** - Works on the car park were completed in December, 2020. The main works contract for the development of the plaza commenced in June, 2021 and the current completion date under the programme is August, 2022. **Clonmel Regional Sports Hub** - Works commenced on site mid-August, 2021 and programme duration is 12 months.

Total project costs approved are € 15,163,247 and URDF grant awarded is €10,594,961.

Liberty Square Enhancement Scheme, Thurles seeks to deliver a vibrant Liberty Square at the heart of Thurles: a place to live, shop, work, socialise, play or "hang-out". The revitalised Liberty Square will become an engine for growth in and around Liberty Square and will enhance the attractiveness of Thurles as a place to live and a place for investment / employment. Phase 1 - Eastern end of Liberty Square and **Development of New Car Park off Liberty Square -** The new Car Park off Liberty Square opened on 1st October, 2020 and is being used to its potential. Works on the Eastern end of Liberty Square are substantially completed. Phase 2 - Western end of Liberty Square and Approach **Road Junctions** – An additional allocation of €1m was approved by the Department of Housing, Local Government and Heritage in March, 2021 to undertake enhancement works to the Western End of Liberty Square and approach road junctions. Consultants have been engaged to prepare Part 8 drawings and documentation and meetings are currently ongoing in regard to concept options. Surveys are also being undertaken to advance the planning process. Part 8 Planning will be completed by the end of Q3 of 2022. A design team will be engaged by the end of Q4 of 2022 to prepare the detailed designs and oversee the construction stage of Phase 2.

Total project costs approved are €10,700,000 and URDF grant awarded amounts to €5,390,291.

A Pathway to a Low-Carbon Society: A Centre of Excellence for transformational Sustainable Energy driving the regeneration of Nenagh: -The proposal is to develop a Centre of Excellence for Sustainable Energy, to be the anchor and catalyst for the redevelopment of Martyr's Road Regeneration Quarter, a 10 ha. strategic site of brownfield lands and underutilised properties located in the heart of Nenagh Town Centre. The Centre of Excellence, taking reference from best international practice, will uniquely host a range of public agencies working collaboratively to deliver innovative solutions from training development to new cutting-edge research on technologies and incubating low-carbon social enterprises. The Centre has been designed to be Ireland's first carbon neutral and energy positive building. The works to be supported also include Public Realm and Amenity Enhancement to Friar Street Civic Plaza, Martyr's Road Town Park and Martyr's Road streetscape improvements including cycleways. The project was approved for funding in March, 2021. Provisional Approval was received from the Department of Housing, Local Government and Heritage on 25<sup>th</sup>. August, 2021. Costings are currently being revised for the project. The Preliminary Business Case is being reviewed and updated for submission to the Department of Housing, Local Government and Heritage in Q2 of 2022. Consultants have been appointed to prepare tender documents for the engagement of a Design Team and a request for tenders under the Restricted Procedure will be published on e-Tenders by the end of March, 2022.

Total project costs approved are €12,700,000 and URDF grant awarded amounts to €9,525,000.

# **Rural Regeneration and Development Fund**

**Tipperary Town Regeneration -** This is a significant regeneration project for Tipperary Town which will greatly enhance long term sustainable tourism for the area. It will include an upgrade of the Market Yard as a pedestrian priority area, linking the Excel Heritage Centre to Market Yard and the Town Centre and an 800-metre walkway along the River Arra, including two loop walks.

Market Yard -Works were completed in October, 2021 and officially opened by Minister Heather Humphreys in November, 2021. River Arra Walkway - The bridge has been installed under the Outdoor Recreation Infrastructure Scheme. The main construction works will commence in June, 2022 to take account of the decision issued by An Bórd Pleanála in regard to river works which can only be completed from July to September. All works will be completed by year end. Total project costs approved are €1,442,018 and RRDF grant amounts to €1,081,513.00.

#### **Fethard Town Park**

The project proposal is for the development of a community sport and recreational campus, incorporating a community pavilion, playing pitches, walkways, parkland and open spaces. The project was developed through a partnership approach with Coolmore Ireland, Cashel and Emly Diocese and Healthy Ireland. **Phase 1 - Groundworks and pitches** were completed in January, 2022 and are now open to the public. The development has been officially announced as the Regional Centre of Excellence for Tipperary Football by the Tipperary GAA County Board. The grounds include the first full size all weather floodlit pitch in Tipperary. **Phase 2 - Pavilion and Public Realm Works -** The Final Business Case received approval from the Department of Rural and Community Development in December, 2021 A contractor has been appointed to deliver Phase 2 and works commenced with site mobilisation on 21st. March, 2022.

The current programme duration is approximately 12 months. Total project costs for Phase 2 works are €3,137,927 and RRDF grant amounts to €3,003,445. Phase 1 works were funded by Coolmore Ireland.

# Templemore Town Hall: Enterprise and Cultural Centre with associated Civic Plaza.

The project proposal is a flagship urban regeneration project to conserve and establish Templemore Town Hall as an economic, cultural and community hub of the town, the District and the Mid-West Region. The project was prepared by the Council in partnership with the Garda Training College, Templemore College of Further Education, Templemore Community Development Association, the Local Enterprise Office and Tipperary Energy Agency. Opening up works completed. Preliminary Designs completed. Detailed designs are currently under review and meetings are taking place with the design team and Conservation Architect to agree on additions required. A revised Part 8 Planning application is currently being prepared to capture additional design elements deemed critical to the building requirements and scope of the project. Tender documents are being prepared for the appointment of a contractor for the construction stage. The Final Business Case will be compiled for submission to the Department of Rural and Community Development on completion of the tendering process. Works are expected to commence in Q3 of 2022 with a timeframe for completion of 18 months. Total project costs approved are €2,810,000 and RRDF grant amounts to €2,107,500.

# Nenagh Historic & Cultural Quarter - A Tourism-led Regeneration Plan

A Plan to regenerate specific existing buildings and civic spaces of distinction and value within Nenagh (including The Gaol, The Castle and Banba Square) to stimulate tourism growth and revitalise the local economy/visitor economy within a context of tourism-led regeneration, comprising arts, history, heritage and culture. The focus will be on the development of 3 Flagship Pillars and 3 Supporting Pillars, collectively offering an immersive tourism experience. A Design team is in place. Significant public consultation has been undertaken on the concept development which will inform the detailed design. Concept development and preliminary designs will be finalised in Q2 of 2022. Complete detailed designs by end of Q3 of 2022. The Part 8 Planning process will commence in Q4 of 2022. **Total project costs approved are €896,712 and the RRDF grant amounts to €672,534.** 

# Carrick on Suir Regeneration Plan 'A Journey from the Suir Blueway to the Ormond Castle Quarter'

Plan for the town through investment in orientation and public realm enhancement

actions, to build on its relationship and synergies with the Suir Blueway (west) and the historic Ormond Castle Quarter (east) and thereby regenerate the town centre as an immersive visitor destination and rural town in its own right. The design team is in place. Preliminary designs and Part 8 Planning have been completed with significant input from the public. The final stages of the detailed designs are currently being progressed. **Total project costs approved are €487,500 and RRDF grant amounts to €365,625.** 

# A Pathway to the Regeneration of Cahir Town Centre: Reestablishing the Historic Square as the Living-Working Quarter

A suite of measures that will re-vitalise Cahir's historic Square as a living-working quarter. The project will provide a dynamic town centre Square with a focus on pedestrian priority and civic space. The re-development will be focused around Market House, a flagship Business Development Centre based in one of the most historic buildings on the Square. **Cahir Market House Business Centre**: −Part 8 Planning and detailed designs are completed. Cahir Town Centre Public Realm and Car Park: − Purchase of two opportunity sites for the proposed car park is completed. Part 8 Planning is completed. Detailed designs have been completed on the car park. Detailed designs associated with the town centre public realm will be completed by the end of March, 2022. Total project costs approved are €986,354 and RRDF grant amounts to €663,362.

Thurles Market Quarter: Regeneration through Recreation,
Education and support for Local Producers is a collaboration between
Tipperary County Council, Thurles Lion's Club and Mary Immaculate
College Thurles. The project will provide a designated market space in the
town centre for local food and craft producers, artists and performers and
offer a location in the centre of a cluster of civic spaces to be enjoyed by
locals and visitors while also acting as a base for the MIC Students' Union.
Approval in Principle issued by the Department of Rural and Community
Development in October, 2021 and Pre-Tender Approval was received in
February, 2022. A Request for Tenders for the engagement of a design
team was advertised on e-Tenders and tenders were assessed by the
Tender Evaluation Team in March, 2022. The design team will be
appointed in Q2 of 2022 to prepare the preliminary and detailed designs

and oversee the construction stage. **Total project costs approved are** €3,825,700 and the RRDF grant amounts to €3,443,130.

# Kilsheelan – Revitalisation of Rural Villages: A Model for Cluster Housing and Low Carbon Planning

The project has been developed as a demonstrator scheme to show the practical implementation of Tipperary County Council's 'Design and Best Practice Guidelines for Cluster Housing'. The guidelines include a series of case studies illustrating how sustainable design solutions can be developed across a range of village types and site options. This project will be a model for serviced site developments across the country and an initiative to revitalise villages in Tipperary and across the country. The scheme was subject to a Part 8 process which was approved by the Elected Members in July, 2019. Approval in Principle issued by the Department of Rural and Community Development in October, 2021 and Pre-Tender Approval was received in November, 2021. Design team appointed in January, 2022. Detailed designs should be completed by end of Q2 of 2022 with works commencing on site in Q4 of 2022. Estimated completion of construction works by end of Q2 of 2023. The Sale of Sites Scheme is also being progressed. **Total project costs are €670,833** and RRDF grant amounts to €603,750.

# Rialto Digital & Enterprise Hub, Nenagh

Funding has been approved to prepare detailed designs and planning for the adaptive re-use of the former iconic 1940's Rialto cinema into a modern digital and enterprise hub facility using best practice and appropriate modern architectural intervention to provide excellent office, collaboration and meeting spaces. The associated brownfield site will be master-planned to explore the potential for further digital and enterprise office space, the creation of a new streetscape along Emmet Place, the potential provision of town centre residential units and the delivery of a new public amenity heart in the town centre. The Hub will be an exemplar sustainable, green, town centre regeneration project that will revitalize the town centre of Nenagh through the provision of much needed incubator enterprise space, public realm enhancement, improved permeability/linkages with existing streets and backland/infill development through planning for the delivery of town centre homes. The overarching aim and purpose of the proposal is to promote economic development and increase employment opportunities while preserving and saving a protected historic structure which was purchased by the Council in December, 2020. Documentation under the Verification and Due Diligence Phase has been completed and returned to the Department of Rural and Community Development in January, 2022 and we await approval of this Decision Gate. A Project Steering Committee and a Project Delivery Group have been established and meetings are ongoing. Consultants were appointed in early March 2022 to prepare tender documents for the procurement of a Design Team. Surveys, Preliminary

Design & Masterplan preparation will be finalised by Q3 of 2022. The Planning process including Part 8 will commence in Q4 of 2022. Discussions are taking place with Housing Section in regard to the development of housing within the masterplan area.

Total project costs are €1,511,059 and RRDF grant amounts to €1,208,847.

# **Urban and Rural Regeneration and Development Fund: Funding Calls**

A Category 1 (shovel ready projects) Call for applications for funding under the Rural Regeneration and Development Fund is currently open. A maximum of three applications can be submitted under this Call and proposals are currently being developed. The closing date for submission of applications is 12 noon on 29th of April 2022. A Call for the next Category 2 (project development and enabling initiatives) is expected later this year.

It is anticipated that there will be a Call for applications for funding under the Urban Regeneration and Development Fund this year.

### **Irish Town Wall Network**

Works were completed for 2021 in Carrick on Suir and a presentation on Carrick on Suir was given by TCC at the AGM and launch of the 2021 Funding programme by the Heritage Council. Works in Cashel were completed in June 2021. Planning Section will continue to participate in the Irish Town Wall Network in 2022.

### **Conservation Grant Schemes 2022**

The **Built Heritage Investment Scheme 2022** seeks to encourage conservation of structures protected under the Planning and Development Act 2000 (as amended) and in certain cases, structures within Architectural Conservation Areas.

The scheme opened for new applications on the 1<sup>st</sup> December 2021 and closed on the 24<sup>th</sup> January 2022. Tipperary County Council have received 24 Applications. These applications will be assessed by our Conservation Architect. The projects nominated for funding must be with the Department by the 11<sup>th</sup> February.

The **Historic Structure Fund 2022** seeks to support conservation works to heritage structures in both private and public ownership. The focus is on conservation and enhancement of historic structures and buildings for the benefit of communities and the public and will seek to:

- enable larger scale conservation works to be carried out on heritage structures which are deemed to be significant and in need of urgent support;
- encourage the regeneration and reuse of heritage properties and help to secure the preservation of protected structures and/or historic-culturally significant assets; and
- support the investment of private capital in labour-intensive projects to conserve historic structures in public and private ownership for community use.

Inspections took place in early November and works were complete on all projects except the Tipperary Courthouse. This was delayed due to the appointment of a contractor but works have now commenced.

The scheme opened for new applications on the 1<sup>st</sup> December 2021 and closed on the 24<sup>th</sup> January 2022. Tipperary County Council have received 12 Applications. These applications will be assessed by our Conservation Architect. The projects nominated for funding must be with the Department by the 11<sup>th</sup> February.

# Urban Regeneration and Development Act: Vacant Site Register / Finance Act 2021 Residential Zoned Land Tax

The Urban Regeneration and Housing Act 2015 introduced a requirement to establish a vacant site register. The purpose of the register is to identify vacant sites within the functional area of the Council with a view to bringing such sites into beneficial use.

The Council will be reviewing sites across the county on an on-going basis and where it is satisfied that sites conform with the requirements of the legislation, property owners will be notified and informed of the process for placing sites on the register. There are two sites currently on the register since 2019.

The Finance Act 2021 introduced a Residential Zoned Land Tax which will replace the Vacant Sites Levy. The tax is calculated at 3% of the market value of land that is zoned as being suitable for residential development and is serviced. The Council will in 2022 prepare and publish a map identifying land within the scope of the tax. The owner of the land may appeal its inclusion to the local authority and may also apply to amend the zoning of their land. The tax may be deferred in certain circumstances, including where residential development is commenced or where planning permission granted is subject to appeal.

### **Energy and Rural Business Conference**

Tipperary County Council in partnership with Teagasc, Tipperary Energy Agency and Gurteen College will hold an Energy and Rural Business Conference on 12<sup>th</sup> July 2022.

## **Information Technology**

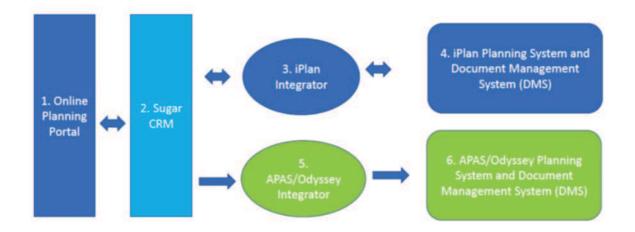

The further development of IT systems, including upgrading geographical information system, upgrading the system that handles the processing of planning applications and our document management system will continue in 2022. The Planning website will be up-dated and kept under review to ensure that all aspects of the work of the planning department are readily accessible to members of the public and community engagement with the Planning Policy document is encouraged. The website is under continued development to provide information in a user-friendly format e.g. details of application forms, weekly lists, variations to plans etc. Online facilities are available to arrange a pre-planning meeting and make a submission on statutory and non-statutory plans.

### e-Planning (Planning Portal)

It is government policy under Rebuilding Ireland/Broadband plan to progress ePlanning (on line system for submitting planning applications and objections and issuing decisions from the planning authority). An e-Planning project board was established and Tipperary County Council is a member. Its purpose is to progress the delivery of e-Planning functionality in order to increase and provide enhanced customer service. Tipperary County Council as one of the pilot sites went live with phase one of the planning portal in quarter 4 of 2021.

The roll out of e-Planning countrywide will continue in 2022. Phase one - the making of a planning application online was signed off on in March 2022. The next phase will be the making of a submission on a planning file on-line and part 8 applications (Local Authority own development). Tipperary will again be one of the pilot sites for this functionality. The rollout to other 22 iplan authorities will commence in quarter 3 of 2022. This feedback from users of the planning portal in relation to making planning applications online has been positive. The percentage of online applications is currently 35 % and we aim to increase this throughout the year.

To make a planning application online go to <a href="https://planning.localgov.ie">https://planning.localgov.ie</a>

# **OPR Pilot Programme – Review of Tipperary Co. Council's Systems** & Procedures

The Office of the Planning Regulator (OPR) was established in 2019 for a number of purposes including independently overseeing the delivery by planning authorities of planning services to the public. The OPR has recently commenced a programme of reviews of planning authorities on a national scale, that will take place over a six-year cycle. Tipperary County Council recognised the benefits of such a review of its current planning functions and the opportunity to future proof it's service delivery, so the Council's Planning Department sought to be included in the pilot phase of the review programme.

The OPR published their review report in September 2021. The report acknowledged that the Council's planning service is operating effectively with robust systems and procedures in place to deliver statutory planning functions. The independent review found that the planning department has many considerable strengths and it can reinforce and enhance that strong competency base by implementing the various recommendations proposed in the report. To ensure that the benefits and opportunities of the review report are realised, Tipperary County Council is committed to developing a robust Implementation Plan through the establishment of a cross-directorate working group together with positive engagement with the OPR and other national bodies to fully implement the findings and recommendations of this first review report by the OPR.

### **Monitoring**

The Planning Section will continue to carry out monitoring of Development Plans and key land use development indicators. Monitoring in 2021 will include the following:

- DECLG Household Land Availability Surveys
- SEA Monitoring of county-wide development plans.
- Retail health checks for main settlement centres.

# **Service 6:** Fire & Emergency Services

### **Service Introduction**

Tipperary County Council is the Fire Authority & Building Control Authority for the total County of Tipperary operating generally under the Fire Services Acts, 1981 & 2003 and The Building Control Act 1990.

This involves the maintenance of a properly resourced and trained fire brigade service to provide for the protection and rescue of persons and property from injury by fire and responding to other calls for assistance of the fire brigade. It also involves work in the fire safety area including fire prevention, fire protection, fire engineering, building control and community fire safety.

# **Key priorities for 2022**

Within the above responsibilities, the priorities for the current year include retention of the ISO 9001:2015 Quality Management Standard and the ISO 45001: 2018 Health and Safety Standard for the entire service, commence construction of a new Fire Station in Cashel, procure two new Class B Fire Appliances, further development of the HYDRA Command Development Suite in Heywood Road Clonmel and a complete review of all Pre-Determined Attendances across the County in line with the principle of 'Nearest Available Resource'. Fire Safety activity will focus on the continued delivery of fire safety initiatives via various online platforms and a continuing programme of premises inspections.

### **Financial resources**

The budget for Fire services as adopted in November 2021 is as follows:

Service Area	Budget 2022	Comment
Operation of Fire	€7,383,923	This budget includes the costs for
Service		providing the Fire Brigade service,
		training costs, equipment purchase and
		maintenance and major emergency
		management.
Fire Prevention	€395,908	This budget includes for all the activities
		undertaken in the fire safety and fire
		prevention area.
Building Control	€122,243	This budget includes for all the activities
		undertaken in the building control area.

### **Personnel resources**

The Fire Authority in Tipperary County Council forms part of the Emergency Services, Libraries and Cultural Services Directorate under the direction of the Director of Services. The Director of Services and the Chief Fire Officer are the designated officers for the executive functions under the Fire Services Acts 1981 & 2003 and the Building Control Act 1990.

The Fire Services are organised under the Chief Fire Officer who is a professional technically qualified officer. The Chief Fire Officer has primary responsibility for the delivery of Fire Services. The section currently has the following staff complement:

Grade	Number	Comment
Senior Assistant Chief Fire Officer	4	
Assistant Chief Fire Officer	4	
Assistant Fire Officer	1	
Staff Officer	1	
Clerical Officer	5	
Station Officer	12	
Sub-Station Officer	24

# Section 85 commitments

The Fire Services Section has a number of Section 85 agreements in place with neighbouring local authorities for the provision of a fire brigade response across county boundaries.

### **Service Introduction**

Civil Defence is a volunteer based, second line emergency service to provide assistance to the PRA's (principal responses agencies) at time of emergency. Civil Defence may also provide support where possible to community, sporting and cultural events with the provision of First Aid and Ambulance cover.

The Civil Defence policy document Towards 2030 sets of five core Civil Defence Services these been Emergency Response, Search & Rescue, Medical Response, Community Response and Radiation Monitoring. In order to provide these services Volunteer members are highly skilled and under-take training in the following skills and activities: First Aid, Radio Communications, Search & Rescue, Welfare, Radiation Monitoring, Water based Search & Rescue including K9 and Drone operations. Civil Defence has an array of modern and advanced equipment to enhance these services. These include specialised mapping equipment, TETRA radio systems, drones, underwater cameras and sonar equipment for search and rescue, a modern vehicle fleet, patient monitoring equipment and a fully serviced kitchen for the provision of welfare.

Tipperary Civil Defence K9 support unit, along with Search Responder and Search Manager trained volunteers assist An Garda Síochána in searches for missing persons. Training is provided to National and International accredited standards. The Civil Defence College (which is part of the Civil Defence Branch in the Department of Defence) is a recognised training centre of the Pre-Hospital Emergency Care Council (PHECC) and QQI. Civil Defence is also an accredited body for the Irish Food Safety Authority and internationally to Rescue 3 for Water based activities.

The Civil Defence Branch of the Department of Defence develops Civil Defence policy at National level. At local level, Civil Defence units based in each Local Authority area under the control of the relevant Local Authority Chief Executive and Director of Services. The day to day operational management of Civil Defence is by the full time Civil Defence Officer, assisted by Assistant Civil Defence Officer, and the most recent appointment a temporary A/ACDO and safety coordinator.

The White Paper on Defence places emergency support to the Principal Response Agencies as the priority task for Civil Defence. This embraces the large number of support roles under the Framework for Major Emergency Management (MEM), including responding to flooding incidents, adverse weather events and searches for missing persons. Civil Defence supports the Principal Response Agencies (i.e. An Garda Síochána, the Health Service Executive, and Local Authorities), Government Departments and state agencies during national, regional and local emergency and non-emergency events. Civil Defence in Tipperary now plays a significant role in response to adverse weather events.

Civil Defence volunteers have been utilised in a variety of community support roles at local and national level. This has been demonstrated in the outstanding responses of the volunteers during the ongoing COVID-19 pandemic. Volunteers were heavily engaged in the day to day front line activities of assisting the HSE in the transports of both COVID positive patients and patient for routine medical appointments. Volunteers were also heavily involved in the set up and operation of mobile test centres, and assistance at permanent testing hubs. Ongoing assistance to the HSE in the roll out of the national COVID vaccination centres, while recognising that Civil Defence volunteers are drawn from their local community and have a long and proud history of assisting at community events, there are limits to the support that can be provided, within available resources. While the White Paper on Defence places emergency support as the priority task of Civil Defence, Civil Defence will continue to support community events, where resources permit and when relevant trained volunteers are available.

# **Key priorities for 2022**

- To enhance & promote a well-trained, professional and competent volunteer group within the County.
- To recruit suitable volunteers to maintain an adequate response capacity
- To organise and deliver training programmes to Volunteers & community groups where possible

### **Assumptions and Key Performance Indicators**

The level of service delivery of Tipperary Civil Defence is dependent on the continued budgetary support of Tipperary County Council and of the Department of Defence (Civil Defence Branch). Service delivery is also dependant on the availability and willingness of volunteers to continue to give so freely their time and skills to Civil Defence. We are most grateful for the continued commitment of our Volunteer members who have always responded in a professional manner.

There are no national performance indicators for the Civil Defence service.

### Assumptions and Key performance indicators (KPIs)

The priorities identified above are dependent on the availability of funds as per the adopted budget and the retention of the current staff resources throughout the year. Other assumptions include positive and proactive engagement by the key stakeholders (including communities) and a commitment by Government to follow through with their reforms in the context of the local development sector. Significant risks include the potential a breakdown in relationships due to the level of structural change on-going in the local development sector and the level of robustness and resilience of the local and global economic recovery.

The C&E KPIs set by the National Oversight and Audit Committee (NOAC) are as follows.

## **Service 8: Libraries and Cultural Services**

# Service Introduction

# **Library Service**

Tipperary County Council Library Service offers a welcoming democratic space which is a cornerstone of family, cultural, and civic life. The Library Service has an essential role in the community as a trusted resource preserving the values of the past and enriching the quality of life for all.

The library service aims to foster a culture of reading, literacy and lifelong learning in Tipperary by providing a range of services to schools, families and community groups, and promote the library as a place of culture and knowledge.

The service is responsible for the collection development, preservation and accessibility of all records of historic interest for County Tipperary. The library service develops and promotes access for all citizens to online and digital information resources, including broadband internet PCs, Wi-Fi, online resources and free access to e-government/local authority information and services.

The service operates a network of twelve libraries throughout the county at Thurles; Nenagh; Roscrea; Templemore; Borrisokane; Cloughjordan; Clonmel; Carrick-on-Suir; Tipperary; Cashel; Cahir and Killenaule.

### **Arts Service**

The key objective of The Arts Service is to improve the artistic life of our communities in County Tipperary. We work towards the continuing development of the arts in the county in partnership with a range of stakeholders including our funding partners The Arts Council. Our work is guided by six strategic priorities:

- Creative Communities- Public Participation
- Creative Practitioners- The Artist
- Creative Solutions Arts Partnerships & Collaboration
- Creative Supports Arts Information & Advice
- Creative Infrastructure Arts Venues & Festivals
- Creativity & The Public Realm Public Art

# **Heritage Office**

The role of the Heritage Office is to work with local communities and the local authority to:

- Promote awareness and appreciation of the Heritage of Tipperary
- Promote active conservation of the Heritage of Tipperary

 Support the gathering and dissemination of information on the Heritage of Tipperary

In addition to this the Heritage Office also delivers the Creative Ireland Programme for Tipperary in conjunction with Creative Ireland. It also delivers the Commemorations Programme for Tipperary in conjunction with Department of Tourism, Arts, Culture, Gaeltacht, Sport and Media.

### **Museum Service**

Tipperary Museum of Hidden History is a state-of-the-art visitor experience in the centre of Clonmel, Co. Tipperary in the heart of Ireland's Ancient East. This new Museum brings Tipperary's rich hidden history vividly to life through characters, stories and one of the largest museum collections in Ireland.

Tipperary Museum allows visitors to experience the cultural richness and pride of the County. It works to ensure the museum is widely known and enjoyed by the community.

Tipperary County Museum is a designated Museum by the National Museum of Ireland, which allows it to retain archaeological items of local significance and to borrow items of national and international importance. The Museum is also fully accredited under the Heritage Council's Museum Standards Programme for Ireland (MSPI) which means it has attained specified standards across a range of issues from care of collections to education to visitor services.

## **Service 11: LAWPRO (Local Authorities Water Programme)**

The Local Authority Waters Programme (LAWPRO) is nationwide local authority shared service that is managed jointly by Tipperary and Kilkenny County Councils. LAWPRO's core purpose is to work with the 31 local authorities, State agencies, stakeholders, and the public to protect and restore good water quality in Ireland's rivers, lakes, estuaries, groundwater, and coastal waters.

This service is delivered through three core thematic areas of the annual LAWPRO Work Plan: Coordination, Engagement, Catchment Science. These thematic areas are set out in detail in figure 1.

	Rationale	Methods	Outcomes
Coordination Supporting governance structures for water quality management and promoting cooperation and knowledge transfer between actors.	<ul> <li>LAs, State agencies, and public bodies working together for better water quality.</li> <li>Delivering multiple benefits for water, biodiversity, climate action, and local communities.</li> </ul>	<ul> <li>Regional         Management and         Operational         Structures.</li> <li>Collaborations         and knowledge         sharing.</li> <li>Supporting local         implementation         and actions.</li> </ul>	<ul> <li>Greater Knowledge transfer.</li> <li>Shared vision and goals.</li> <li>Common purpose to achieve goals.</li> <li>Coordinated approach to implementation of RBMPs.</li> </ul>
Engagement Supporting communities and stakeholders to participate in caring for local waterbodies.	Bottom-up approach, involving communities and water users in conversations and actions to achieve water quality goals.     Better understanding of local issues and concerns.	<ul> <li>Local engagements, meetings, and events.</li> <li>Consultations and two-way dialogue.</li> <li>Listening to local communities.</li> <li>Promoting the value of good water quality.</li> </ul>	<ul> <li>Community-led water related initiatives and projects.</li> <li>Giving communities a voice in water quality matters.</li> <li>Community resilience and capacity to take local action.</li> </ul>
Catchment Science Catchment Management and Science in Priority Areas for Action	<ul> <li>Leading the way with innovative catchment science.</li> <li>Identification of issues affecting water quality.</li> <li>Guidance for LA staff, relevant agencies, and stakeholders to find solutions to problems identified.</li> </ul>	<ul> <li>Desk studies and Local Catchment Assessments.</li> <li>Community Information Meetings.</li> <li>Action Planning - Referrals and tracking.</li> </ul>	<ul> <li>Detailed assessment in PAAs.</li> <li>Stakeholder and community engagement.</li> <li>Wider understanding of the issues and solutions at multiple scales.</li> </ul>

## **Key Priorities for 2022**

• Local level engagement and public consultation on the Draft River Basin Management Plan for Ireland 2022-2027 (RBMP) up to 31 March. Prepare a report on the process and outcomes for submission to Department of Housing, Local Government, and Heritage.

- Actively promote inter-agency collaboration and stakeholder participation, and facilitate learning and dissemination of best practice, in implementation of RBMP measures.
- Develop a multi-disciplinary team to carry out local catchment assessments in priority areas for action across all counties.
- Deliver extensive stakeholder and community engagement on local water matters.
- Provide additional support to the Agricultural Sustainability Support and Advisory Programme (ASSAP) for their Signpost Farms programme, and technical reporting system.
- Development of interim guidance for Nature Based Solutions and Sustainable Urban Drainage Systems (SuDs).
- In collaboration with Carlow IT, provide Catchment Science and Management training and capacity building for staff in local authorities, State agencies, ASSAP, and private agricultural advisors.
- Leverage additional funding for water quality projects through the LEADER programme.
- Data management and support to external bodies, e.g., LPIS data distribution, AECM co-operation projects.
- Provide support to the European Union LIFE Integrated Project Waters of LIFE.
- Support the roll out of the Citizen Science framework and technical support for communities.
- Manage the open call and awarding of grants under the Community Water Development Fund.
- Develop and implement strategic communications, both nationwide and cross border, to influence support and positive actions to achieve water quality objectives.
- Maintain back-office functions to support LAWPRO staff located nationwide across 13 LA centres.

#### **Staff Structure**

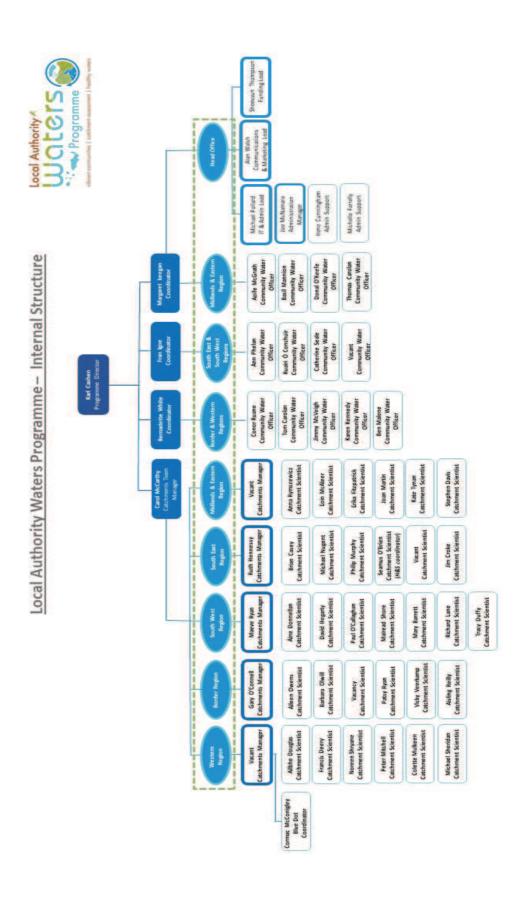

The LAWPRO Head Office is in Ballingarrane Estate, Clonmel, Co. Tipperary. To facilitate service delivery across all 31 local authority administrative areas, LAWPRO staff operate out of 13 different LA centres nationwide.

LAWPRO staff operate across three functional areas: Head Office, Communities Team, Catchments Team. Strategy, planning, and oversight is carried out by a Management Team.

#### **APPENDICES**

## Appendix 1

## Section 134A of LG Act 2001 (Consolidated)

Local Authority Service Delivery plans

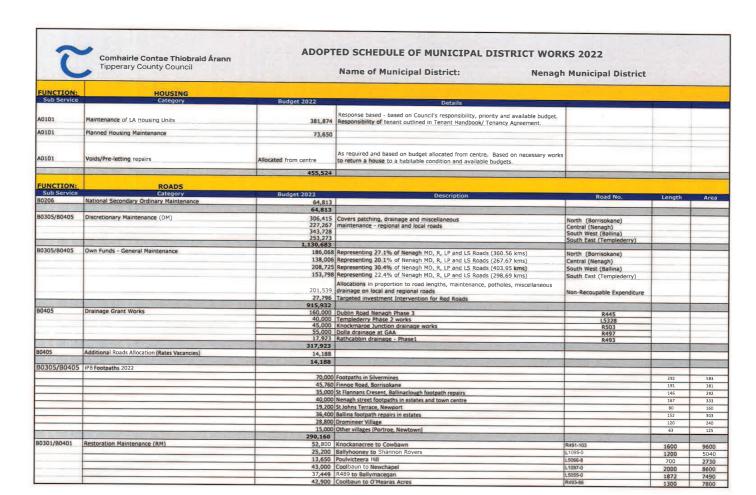

- **134A**.—(1) in respect of the local financial year which follows the commencement of this section and in respect of every financial year thereafter, each local authority shall prepare in accordance with subsection (5) a plan (in this section and Part 3 of Schedule 14A referred to as a 'service delivery plan') identifying the services intended to be provided by it to the public.
- (2) The service delivery plan of a local authority shall be consistent with the provisions in the local authority budget of the expenditure estimated to be necessary for the local authority to carry out its functions during the local financial year to which that plan relates.
- (3) The service delivery plan of a local authority shall take account of best practice in service delivery (including, where appropriate in relation to the delivery of services, best practice having regard to performance of functions identified pursuant to section 126C(1)(c)) and that plan shall include—
- (a) A statement of the principal services that will either continue to be provided or will otherwise be provided by the local authority in respect of the local financial year, to which the plan relates,
- (b) The objectives and priorities for the delivery of each of the services to which paragraph (a) relates, and the strategies for achieving those objectives and priorities,
- (c) The performance standards intended to be met in the delivery of services, including reference to each appropriate performance standard prescribed by the Minister,
- (d) The manner in which the local authority proposes to assess its performance in respect of the delivery of services, including identification of the relevant indicators for the purposes of section 126C(1)(a) and the performance indicators and performance standards prescribed by the Minister under subsection (7) as are appropriate to each service in the service delivery plan, and
- (e) Such other matters as may be provided for by the Minister under subsection (7) or (8).
- (4) In preparing its service delivery plan a local authority shall—
- (a) Take account of such policies and objectives in relation to any of its functional programmes that are set out in—

- (i) Any other plan, statement or strategy under the Local Government Acts 1925 to 2014,
- (ii) Any service level agreements, or
- (iii) Any other document prepared by it under this Act or any other enactment, and in so preparing its plan the local authority shall comply with sections 69 and 71, and
- (b) Having regard to the outcome of any assessment carried out pursuant to subsection (6), indicate the actions proposed to be taken to meet any performance standard prescribed by the Minister under subsection (7) or as a result of a comparison with any relevant indicator identified by the National Oversight and Audit Commission or prescribed by the Minister under section 126C (1).
- (5)(a) As soon as may be following the adoption of the local authority budget, the service delivery plan shall be—
- (i) Prepared, in consultation with the elected members, under the direction of the chief executive in such manner, and in accordance with the timescale and format as may be prescribed by regulations made by the Minister, and
- (ii) Considered by the elected members and be adopted by resolution, with or without amendment, within such time limit and in accordance with such conditions and requirements, as may be so prescribed.
- (b) In making an amendment under paragraph (a)(ii), the elected members shall have regard to the local authority budget adopted in accordance with section 103(9).
- (c) The adoption of the service delivery plan, with or without amendments, is a reserved function.
- (6) A local authority shall include in its annual report an assessment of its delivery of services during the year concerned when compared with its service delivery plan for that year, including reference to those performance standards and performance indicators specified in regulations made under this section and such relevant indicators identified by the National Oversight and Audit Commission or prescribed by the Minister under section 126C(1) as are appropriate.
- (7)(a) The Minister may make regulations for one or more of the following matters:
- (i) Performance standards against which the effectiveness and efficiency of the delivery of services may be measured and performance indicators to facilitate the evaluation of the performance of the local authority
- (ii) The comparison of one local authority, or class of local authorities, to another local authority or class of local authorities, as the case may be, in the delivery of services, and as appropriate, against any performance standard specified;
- (iii) Such other matters as the Minister may consider appropriate in relation to the preparation of service delivery plans.

- (b) Before making regulations under this subsection, the Minister shall consult with the National Oversight and Audit Commission, and with any other Minister of the Government in respect of services provided by a local authority for which that other Minister is responsible.
- (c) Regulations made by the Minister under this subsection shall be without prejudice to relevant indicators specified by the National Oversight and Audit Commission or prescribed by the Minister under section 126C(1).
- (8)(a) The Minister may issue guidelines in respect of—
- (i) The content and preparation of service delivery plans,
- (ii) Publication of service delivery plans,
- (iii) Such other matters as the Minister may consider appropriate, and each local authority shall have regard to such guidelines.
- (b) Guidelines under this subsection may provide for a service delivery plan of a local authority to take account of and to reflect the principal activities of municipal district members within its administrative area and for necessary consultation for that purpose.]
