The Ethical Artist Webinar and Clinics

As part of our commitment to the Professional Development of artists, Tipperary, Clare & Limerick Arts Offices have arranged for VAI to host this webinar which will highlight best practice considerations and techniques for visual artists who wish to reduce their environmental impacts, use materials with more awareness, and create art that challenges our ecological and societal perspective.

This interactive webinar will be led by environmentalist John Thorne who has been Glasgow School of Art's Sustainability Coordinator since 2013: Working with designers, architects and artists his work seeks to broaden and deepen student experience, exploring how practice can connect us to ourselves and each other and promote social justice. It asks how can we emotionally support nature through art, and better engage people with environmental & ethical issues like climate change and biodiversity loss.

Further information and registration details are available through the links below.

Is an online festival calendar to highlight and promote Festivals and Events across Tipperary which has been developed by Tipperary County Council.

In addition to being a promotional tool for events taking place throughout Tipperary, this online festival calendar will also facilitate organisers in planning event dates by providing an accessible reference point for as many of the County's Cultural, Community and Sporting events as possible, acting as a "clash" calendar for organisers when setting dates for festivals and events.

The calendar is easy to use and organisers can register their events on the website. Cultural, Community and Sporting events are categorised under a range of headings and users may search by date or type of event. Categories include: Arts; Children's; Family; Comedy; Exhibitions; Fairs; Shows; Markets; Festival; Film; Heritage; Historical; Lectures; Readings; Music; Theatre, Sports & Outdoors.
