

Tipperary Festivals & Events Grant Scheme 2025

APPLICATION GUIDELINES

Closing Date for applications: 12 noon, Thursday, 6th February 2025

Tipperary Festivals & Events Grant Scheme Introduction

Tipperary County Council invites applications from organisations/organisers planning Festivals and Events to take place in County Tipperary in 2025.

Festivals and events are central to the fabric of life in County Tipperary and deliver a range of economic, social and cultural benefits. They entertain, they celebrate our communities, showcase our villages and towns and are often an expression of identity and place. They represent arts, cultural, heritage and sporting assets and make a positive contribution in influencing the perception of County Tipperary.

Tipperary County Council aims to promote and support local festivals and events that are not solely commercially focused throughout the County, to support and assist those events that have an artistic, community, heritage, sporting or tourism focus and which contribute significantly to quality of life.

The Tipperary Festivals & Events Strategy defines Festivals and Events as follows:

FESTIVAL

A collection of events that celebrate a single or general theme and are promoted as one within this theme, occurring within a defined timeframe.

EVENT

A celebration, activity, exhibition or staged performance that is open to the general public for a limited time (not necessarily free of charge). An example of an event is a St Patrick's Day Parade, community show/day, community sports event, public exhibition or showcase.

Funding Categories

Funding is available under three categories: Community, Municipal and Premier. Applicants may apply under one category only.

Festivals which emerge after the closing date for this scheme

Emerging festivals (which emerge after the closing date) may only apply for Community or Municipal Band 1 funding. Further information on emerging festivals/events is provided on page 13.

Community Festivals and Events

Funding level up to €2,500

A Community festival or event is centred around a community. It may be an annual or once-off event. It is generally short in duration, a one- or two-day local event and is most likely to be organised by volunteers. These events are important to the social fabric of the locality and county and generate civic and community pride.

Municipal Festivals and Events

A Municipal Festival or event is staged for local people, but is also significant and attractive to the wider community bordering the host community. Municipal events generate civic pride and add to the vibrancy of an area, as well as contributing to the social fabric of the county. While these events may often be aimed at local residents, they encourage visitors to an area to stay longer, add to a culturally rich location and are often specialised in their programming.

A Municipal festival or event is generally held over two or more days. However, large scale events held over one or more days and attracting audiences of over 1,000 people may apply under any of the Municipal band levels.

There are three bands in the Municipal category:

Municipal Band 1	Funding level up to €7,500
Local festivals or events held over two or more days*.	

Municipal Band 2	Funding level €7,500 to €10,000
Larger scale events with a good track record, with a strategic plan in place, held over two or more days* and attracting a wider audience.	

Municipal Band 3	Funding level €10,000 to €15,000
These are events with a strong track record of high quality programming, with a strategic plan in place, held over two or more days* and/or which attract significant audiences in excess of 1,000 people	

* Large scale events held over one or more days and attracting audiences of over 1,000 people may apply under any of the Municipal band levels.

Premier Festivals **Funding level up to €30,000**

A Premier festival is usually held over **at least three days** and attracts a large regional and national audience and participation. Often specialised events with high elements of originality, Premier festivals are generally of a significant scale and ambition and contribute strongly to the local economy. They are usually professionally or semi-professionally run and have a positive regional and, sometimes, national profile, regularly achieving widespread media coverage.

General guidelines relating to all applications for all categories

Budgetary context

- Applicants should note that this is a highly competitive scheme and that there are always more applications for funding than it is possible to support.
- The maximum level of funding is not guaranteed, as funding is dependent upon the number of applications received and on available budgets.
- Some events may not be funded, given budgetary constraints.
- Tipperary County Council reserves the right not to support festivals that may have received funding in the past, or to support previously-funded festivals to a level lower than may have been previously awarded.

Application requirements

- Applicants must submit a completed application form on or before the published closing date. Further information of how to apply is provided on page 16.

- Applicants must ensure that they comply with current public health guidelines.
- Festivals or events catering to audiences in excess of 5,000 people must apply for planning permission under Section 230 of the Planning and Development Regulations (2001). In these cases, organisers must attend a pre-planning meeting with the local authority before the event can be advertised or tickets can be offered for sale. Further details are provided at <https://www.gov.ie/en/service/19977-event-licence/#>
- Applicants are responsible for ensuring that adequate **insurance** and **health and safety** measures are in place in advance of the commencement of any events. Tipperary County

- Applicants must ensure that appropriate safe guarding measures are in place for events involving children or vulnerable adults.
- Applicants are asked to provide information on actions and policies that demonstrate their commitment to taking steps to protect the environment and to achieve a sustainable, low-carbon, resource-efficient economy. These may include, for example, efforts to reduce paper use and/ or the need for printing, reducing car use, reducing single use plastics, etc.
- Any profits arising out of a festival or event must be reinvested to support relevant activities organised by the festival/event in question.

Assessment procedures

- The Assessment panel may move an application to another category or within a category if it is deemed to be more suitable to that strand.
- The Assessment panel may refer an application to an alternative scheme if the application is deemed to be more suitable for a different funding scheme.
- The Assessment Panel may offer an applicant organisation less funding than has been applied for.

Emerging festivals

- A festival or event may only apply to the Emerging category in its first year of operation.
- An application under the Emerging category will only be accepted, on an exceptional and agreed basis, where the event emerges after the Festivals and Events scheme deadline for that year. Potential applicants must contact artsoffice@tipperarycoco.ie for details of how to apply in these circumstances. See page 13 for further details on emerging festivals or events.

What you may **not** apply for

- Capital expenditure and infrastructural projects – i.e. money to allow an organisation to acquire, refurbish or maintain fixed assets, such as land, buildings and/or equipment.
- Spends on alcoholic beverages, food or refreshments
- Spends on gifts, prize funds, prizes, awards, medals, certificates, etc.
- Spends on fines, legal costs or penalty payments.
- Spends on events that have no wider community impact, but are limited to a small pool of members, for example a celebration event at a club or an event confined to members.

Additional supporting materials for Premier Festivals

- Premier Festivals must submit a three-year financial plan, three strategic plan and a three-year marketing plan with their applications.

How likely are applicants to receive funding?

- Applicants should note that this is a highly competitive scheme and that there are always more applications for funding than it is possible to support.
- Applications should be realistic and proportionate. If a festival or event is seeking a significant increase in funding over what was provided in the previous year, a strong rationale for the increase must be provided and a sound case made for it in the application.
- Applications from organisations demonstrating the need for financial support will be prioritised over those applications from organisations with significant financial reserves, in cases where other grant criteria are met and where limited funding is available.

Outcome of assessments

The outcome of assessments will be issued from the Municipal District Office and all further correspondence should be directed through the Municipal District.

What happens if your application is successful?

Strategic Planning guidance

Your strategic plan can be a simple word document outlining plans for the development of the festival over the coming years. Strategic planning is the process your festival uses to identify clear goals and objectives, and methods for achieving them, realistic allocation of resources and any timescales involved

Key elements of a strategic plan include:

Vision statement

Your vision is a short summary highlighting what your festival/event will look like in the future. It should outline what you want the festival/event to be or to achieve.

Mission Statement

Your mission statement defines the purpose of the festival/event and should outline what your festival/event does, who it is for, and what makes your festival/event distinctive.

Goals / objectives

Your strategic plan should include a section outlining your short-term and long-term goals and objectives as they relate to your vision for the festival/event.

Actions

Your actions will relate to your goals and objectives and should be SMART: specific, measurable, achievable, relevant and time-bound (i.e. you have deadlines for your actions).

KPIs

Key performance indicators (KPIs) outline the goals, objectives and actions you are seeking and how you will measure your success in achieving them. They tell you what you want to achieve and by when.
