Chief Executive / Delegated Officers Orders

Notices of Motion

5.1 Cllr. Liam Browne (Ref. ID 3103)

That this Municipal District calls for an urgent review and technical assessment of recently replaced public lighting on Main Street, John Street, and the approach to Lowergate Square in Cashel.

A large number of businesses and residents from the affected streets have submitted a petition expressing serious concern that the new LED lighting is inadequate and unfit for purpose. They report that the current luminaires provide insufficient brightness, resulting in reduced visibility, diminished sense of safety, and potential negative impacts on evening commerce.

Accordingly, this Municipal District requests that the Roads and Public Lighting Section carry out a full lighting performance evaluation of the area, including but not limited to:

1. **Lux level measurements** at street level and footpath level during night-time operation.
2. **Uniformity of lighting** (ratio of minimum to average illumination).
3. **Luminaire output and specification compliance** versus original design standards.
4. **Glare rating assessment** and identification of any shielding/angle issues.
5. **Comparative analysis** with the previous lighting installation, if data is available.
6. **Safety and crime-prevention implications**, including any input from An Garda Síochána.
7. **Options for improvement**, such as higher-output LEDs, different colour temperatures, supplemental columns, or re-aiming of fittings.

The findings should be presented back to the Municipal District with clear recommendations for rectifying deficiencies to ensure that lighting levels meet recognised standards for urban streets and public safety.

Votes of Sympathy / Congratulations

6.1 Votes of Sympathy/Congratulations

AOB

7.1 Any other business appropriate to a meeting of Tipperary-Cahir-Cashel MD arising with the permission of the Cathaoirleach.
