## Why Clonmel needs a Bid Company (Business Improvement District)

Clonmel is a town with a population of 18,369 (2022 census) offering a fantastic range of employment opportunities. Like many Irish towns it has been under pressure over the last number of years with the rapid rise of online retail, and mobile commerce along with the challenge Covid brought to many businesses. This has led to our town centre having a lot of vacant properties, very few people living on our main streets and a very poor evening/nighttime economy. The Town team along with the Chamber of Commerce brought some business owners and other key strategic partners to Sligo to examine how they were addressing the challenges faced by many towns. They were impressed with the work the Sligo BID Company was doing in Sligo and felt a Clonmel BID would provide an opportunity for the business community and its citizens to address some of the challenges it faces.

The business owners feel that a Clonmel BID will enable the town to approach the management of the trading environment / public space in a proactive and planned way which will enable Clonmel to gain and retain competitive advantage.

A Clonmel BID provides an opportunity for joined up thinking in addressing the challenges our town faces. The collective voice of the Clonmel BID area is louder than several small voices. By bringing businesses within the Clonmel BID area together we can represent the needs of the town to the Government nationally and locally along with other key strategic partners. A BID through footfall counters, Purple App etc. will be able to bring together hard data that will be a significant aid to businesses and the town when lobbying for resources, making proposals to strategic partners or making applications for various income streams.

A Clonmel BID will provide funding for the functions of Town Centre Management e.g. Christmas lights, festivals and events, trade shows, marketing and promotion, safety on our streets, tourism promotion, raising public awareness of what's happening in Clonmel each week, support for projects that will enhance the town, source and leverage other funding streams such as Leader, Failte Ireland, Heritage Council of Ireland, Local Authority grants etc as well as funding streams from the EU and other international organisations.

Clonmel BID will give the business owners of the town a BID CEO who will act on behalf of businesses in Clonmel BID and work at building strategic alliances to position Clonmel as a location of choice for living, shopping, leisure and business. It will work on behalf of rate payers in the BID area with an annual budget of €350,000 Euro with the potential to leverage additional funding for Clonmel. This will enable Clonmel BID to provide match funding to

various community groups and organisations that attract footfall to the town centre and improve leisure and recreational offerings in the Clonmel BID area.

Clonmel BID has the ability to bring the business owners and the citizens of the town together to create a new vision for our town where businesses thrive, streets are welcoming and communities flourish; a place we can all be proud of, a place where we would want our children and grandchildren to grow up, work in and experience culture and social events. With that in mind, we put before you this proposal for a Clonmel BID (Business Improvement District) which outlines our vision, mission, and objectives along with a five-year plan.

## Vision & Mission

Our vision is to make Clonmel a great place to work, live, and socialise, creating a vibrant, enterprising, and welcoming town centre through local leadership and partnership.

Our mission is to deliver projects and services that enhance Clonmel's economic, social, and cultural prospects, making it the best version of itself for businesses, residents, and visitors.

## Introduction

Patrick O’Gorman Chairperson acting on behalf the BID Proponents Group submits this proposal under Section 129C of the Local Government (Business Improvement Districts) Act 2006 to Tipperary County Council, the relevant Rating Authority, seeking approval to establish a Business Improvement District within Clonmel’s commercial core.

The BID will be led by Clonmel’s business community in collaboration with Tipperary County Council, County Tipperary Chamber, An Garda Síochána and local voluntary organisations, ensuring projects reflect local needs while delivering visible, measurable benefits.

## Governance & Legal Compliance

CLONMEL BID will operate as a Company Limited by Guarantee, governed by a Board of Directors representing local businesses, ratepayers, and Tipperary County Council, ensuring transparent and accountable management of BID activities and funds.

The BID will comply fully with Irish BID legislation and statutory obligations. A formal review and renewal process will be undertaken at the end of the five-year term, with continuation dependent on a vote by ratepayers and approval by the Council.

A full-time BID CEO will be appointed to manage the day-to-day operations, with additional support staff as needed. An organisational structure will be outlined in the BID operations manual.

## Community Engagement

The BID proponents group has engaged with a large number of Clonmel businesses and ratepayers through one-to-one meetings, workshops, and stakeholder consultations, including with Tipperary County Council, Clonmel Town Team, Tidy Towns, and the Clonmel Christmas Lights Committee.

## LIST OF RATEABLE PROPERTIES

See attached Addendum 2 for the list of Rateable Properties.

Addendum 2 should not be interpreted as a definitive or exhaustive register of rateable properties. Responsibility for maintaining and determining the official rateable property register rests solely with the relevant statutory authorities. The BID Proponents Group will update or amend this list if formally instructed in writing by Tipperary County Council or the rating authority.

## NUMBER OF RATEPAYERS IN EACH BAND

Graph Source: Tipperary County Council

### Example BID Levy Calculations

The 2025 ARV (Annual Rate on Valuation) for Tipperary County Council is 0.2126. The ARV is multiplied by the rateable value of a property to calculate a business's commercial rate charge. e.g. A business with a valuation of €10,000 would be subject to an annual rates bill in Tipperary in 2025 of €2,126.

The proposed BID levy in Clonmel is to be 5 % of the current rates charge. Again, using a business operating out of a premises with a valuation of €10,000, their BID levy would be €106 per annum.

See below some examples of BID levy calculations

Your Annual Rates Bill	Your Clonmel BID Levy (5%)
€1,000	€50
€5,000	€250
€10,000	€500
€20,000	€1,000
€50,000	€2,500
€100,000	€5,000
€200,000	€10,000

The 5% levy is fixed for the 5-year BID term (2026 - 2031), offering businesses clarity and certainty.

#### Estimated Annual Levy Income

Based on current rateable values and commercial properties within the BID boundary, we estimate the BID levy will generate approximately €350,000 per year. This figure is based on projections from local ratepayer data and feedback from other Business Improvement District towns in Ireland.

## Fairness & Transparency

The levy is calculated as a fixed percentage (5%) of each rateable property's commercial rates bill. This method ensures fairness across business sizes and sectors. No business is asked to contribute more than 5% of their annual commercial rates.

## Additional Funding Sources

In addition to the BID levy, Clonmel BID will actively pursue:

- Public grant funding (e.g. LEADER, Town Centre First, ORIS (Outdoor Recreation Infrastructure Scheme), lobbying for URDF (Urban Regeneration and Development Fund), Fáilte Ireland)
- Partnership funding from Tipperary County Council for joint projects
- Event-based income (e.g. vendor fees, festival sponsorships)
- EU funding and philanthropic contributions where available.

This is a unique opportunity for the business community to directly shape Clonmel's future, in collaboration with Tipperary County Council and other relevant stakeholders, take ownership of its revitalisation, and create a more attractive, safer, and prosperous environment for all. If approved by ballot, Clonmel BID will begin operations in 2026.

Together, we can build a stronger Clonmel, for business, and for everyone who lives, works, and visits our town. In addition, we commit to ongoing engagement and communication with the ratepayers and the public to ensure a robust and vibrant programme is maintained throughout the 5-year period.
